BlackCreekCrossing.com

This certifies _____, here referred to as Mare Owner/Agent, has engaged one service to the Stallion _____, for the mare _____, Reg # _____ for the _____ breeding season. Beginning February 1 and ending July 2. The mare owner agrees to pay a breeding fee of \$_____.

PLEASE NOTE: This is a frozen semen contract ONLY, (Initial Here) _____

**** Frozen semen will be shipped from Great Lake Sire Services ONLY after a release form has been signed and processed. ****

PRE-BREEDING ARRANGEMENTS: The mare owner must provide the following to Black Creek Crossing when making a booking:

1. Copy of both sides of registration certificate, if breeding a thoroughbred mare, an AQHA assigned "T" number is mandatory for registration.
2. Completed Information Sheet
3. Copy of signed breeding contract
4. Proof of current veterinary reproductive exam and normal uterine cytology and / or uterine culture.
5. All Applicable Fees:
 - I. The stud fee must be paid in full before any frozen semen will be shipped.
 - II. Any incomplete registration certification or unpaid charges will result in a hold of the mare's name on the appropriate stallion breeding report.
 - III. Semen will not be shipped to any mare unless a current credit card number and expiration date is on file in Black Creek Crossing, Inc. office or shipping prepaid with check or money order.

Breeding Arrangements:

1. To guarantee shipping, mare owner, or agent, must give Black Creek Crossing at least a **10** day notice of semen order. Great Lakes Sire Service must have time to process the semen release form and arrange shipment and Vapor Shipper to send frozen semen. Semen must not be stored in Vapor Shipper. Semen must be transferred to a long-term storage tank on arrival. Planning ahead will ensure the best success. Black Creek Crossing **cannot** process same day frozen semen shipments. If you have any questions about when to order, please contact us at 260-319-1088.
2. Every effort will be made to accommodate your mare's breeding time frame; However, it is the mare owner's responsibility to keep in touch with Black Creek Crossing so that your veterinarian and ours can get your mare in foal on a timely basis. Failure to adhere to these arrangements may result in missed heats and

delayed shipments, at the mare owner's expense. A veterinarian knowledgeable in successful frozen insemination techniques must oversee off-site inseminations.

3. If a mare dies or is deemed unfit to breed during the breeding season, a substitute mare, approved by the stallion owner, may be bred without any additional breeding fee. There will be NO refunds for any fees associated with this contract.
4. The mare owner agrees to have the mare checked by ultrasound no later than 18 days after insemination. If ultrasound is unavailable, Mare owner agrees to have the mare checked for pregnancy by a licensed veterinarian within 30 days of insemination. Mare owner agrees to provide Black Creek Crossing with the results of the pregnancy exam no later than 30 days after insemination and last breeding date.
5. While the Breeder does not guarantee that the Mare shall get a live foal, Black Creek Crossing does agree that should the Mare prove barren or the foal die at birth, the Mare Owner will send notice signed by a veterinarian within ONE week of such determination or death, and the Mare Owner shall be furnished breeding services the following season at the cost of tank rental and shipping only. The Mare Owner may rebreed the same Mare or may breed another Mare. If the Mare Owner elects to exercise this rebreeding privilege, the Mare Owner agrees to pay the normal and customary shipping and handling fees. It is agreed that beyond the rebreeding privilege set forth in this section, this is no guarantee concerning the delivery of a live foal.
6. Three breeding doses will be included in the frozen semen release. If a pregnancy results from one breeding dose, the other doses may be stored for later use. An additional breeding fee would be required for each additional foal. Breeding dates are required to be reported to Black Creek Crossing so that the breeding reports can be submitted to the appropriate association. This ensures breeding certificates can be issued the following year. If the mare owner fails to rebreed the mare the following year after original contract, then any and all fees become forfeited. The right to rebreed is canceled and the stallion owner is released from all further obligations of this contract, unless otherwise agreed in writing and signed by both parties.
7. We do not offer color guarantee on any color breed mares.
8. Embryo transfers- if more than one embryo is produced, each additional embryo will require an additional breeding fee once checked 30 days positive pregnancy. It is the mare owner's responsibility to notify Black Creek Crossing of the number of embryos produced.
